WHAT OF THAT?

Tired! Well what of that? Didn't fancy life was spent on bed of feathers? Come along! Work while it is called today! Coward, arise! Go forth upon thy way!

Lonely! And what of that? Someone said to lonely? "Is not given to me?" To feel a heart responsive rise and fall, To bleed another life into its own. Work may be done in loneliness. Work on.

Dark! Well, and what of that? Didn't fancy the sun would do fear to lose thy way? Take courage yet!

Learned to walk by faith and not by sight;

They steps will guide thee, be and guided right.

Hard! Well, and what of that? Didn't fancy life one summer holiday?

With lessons none to learn, and naught but play?

Go, gather them to thyself! Conquer or die!

It must be learned! Learn it then patiently.

No help! Nay, it's not so! Thomas' human help he'll be far, thy God is nigh.

Who feeds the ravens, hears his children near these, whereso'er thy footsteps roam,

And they feed thee, light thee, help thee home.

TAKE Tax receipts for 1000 are now in my hands for collection.

J. W. FITZGERALD, City Treasurer.

Ice Cream Supper at the First Baptist Church tonight. Everyone invited. Ice cream and cake 15 cents.

T. C. Campbell, the veteran lawyer of the Mason Bar, continues critically ill at his home on East Fourth.

A bursted water pipe at Third and Bridge streets last night flooded Bridge street to the C. and O. crossing.

The Fifth Ward Democrats say THE LINDEN is a safe bar; but three of them come over every day to Bratton's Tower to read the paper.

Friend M. L. Bratton yesterday at noon received a very ugly fall while alighting from a streetcar near Second and Commerce streets, bruising himself about the head and shoulders and severely scratching his body.

NOT HIS POLITICS.

But He Does Agree With "The Leader" on Most Subjects.

The following letter from a loyal gentleman—loyal to his old town and to his friends—will be read with interest by all who know him—

HILLBROOK, O., Sept. 12th, 1900.

Friend Davis: I notice on paper my name is mentioned in your article to LEADER, but do not agree (as you know) with the politics of the paper, especially in their opposition to the Negro, most other subjects, and moreover it is a good paper for all items of interest to us.

Taylor's Plurality, 2,363

Wonder if Wm. Jimmy Bryan has heard from Vermont and Maine?

WHAT a pity old John BROUCHAR hasn't a fitting successor as a farce-comedy author. What a screaming burlesque he could produce with the Goebel Murder Trial as a basis.

BRYAN is the sharpest gold brick merchant that ever counted croissants with his toes. His speeches go like hot cakes at \$100 to \$500 each, and the suckers cry for more. BRYAN has already worn out six coats "laughing in his sleeve."

The Fleming Gazette has this kindly reference to the Senator from this District:

"Senator WILL COX from Mason and Lewis counties was appointed a member of the Election Committee in the Senate at Frankfort, he is a Cox, is a Republican and a thorough gentleman. By his upright, honest and manly devotion to his party and state while in Frankfort, he has added greatly to his list of friends, and should Mr. Cox at any time allow his name to be used in connection with Congressional honors in the Ninth District he will indeed prove a formidable aspirant."

COURT CANTRELL consented to postpone JIM HOWARD's trial because one of the persecution's star witnesses had the belly-ache. The sick witness is BOWMAN GAINES, a livery stable keeper, who lives just in the rear of the State Capitol grounds. After the shooting of GOEBEL Mr. GAINES says he saw a man whom he did not know run from the basement of the Executive Building in the rear, and, leaping over the fence, jump into a buggy in the rear and drive rapidly away. After the arrest of HOWARD, Mr. GAINES visited the County Jail and identified him as the man who left the Executive Building. Of course, such an important witness must be in good swearing shape when put upon the stand; and with proper care and parergone there ought not to be any difficulty in landing Jim at the end of a rope. If CANTRELL and CAMPBELL can only establish the fact that HOWARD fired all of the six single steel bullets that killed GOEBEL, it will be dead easy to hang the other six men who did the same thing.

THE DEMOCRACY, in declaring that it favors Expansion, designates that it means "peaceable expansion," as against that in which force is used to maintain sovereignty after the treaty of cession. It points

to JEFFERSON's annexation of the Louisiana territory as an example. While it is true that JEFFERSON did not use force in maintaining American sovereignty in Louisiana after the treaty of cession, it is also true that he did prepare to use not only the Army of the United States, but the militia of the states, if any armed resistance had been made against the control of the territory by the residents.

Among the 75,000 white residents of the territory, says The Times-Star, French and Spaniards, there was universal objection to American sovereignty. Political divisions and a lack of leadership alone prevented this objection from assuming the form of an insurrection. The French residents wanted French sovereignty and objected to that of Spain, which a few years before had been the sovereign power. The Spanish residents wanted Spanish sovereignty and objected to that of France, which dominated at the time of the transfer to the United States. This condition and the presence in the territory of a large force of American soldiers and the prepara-

tions being made by JEFFERSON to increase it, prevented open hostilities.

When JEFFERSON sent Governor CLARKBORN and General WILKINSON to take possession of the territory in the name of the United States he did not send them with olive branches in their hands to ask the consent of the inhabitants. They went there to hoist the flag and assert American sovereignty and were backed up with such forces of the Regular Army as he could concentrate for this purpose and the Militia of Mississippi, while as a further display of the purpose of the United States he ordered the Militia of Ohio, Kentucky and Tennessee to assemble in case an attack was made upon the American forces at New Orleans. In fact the Tennessee Militia did move later into the territory. In his special message to Congress January 16, 1804, on this subject, President JEFFERSON said:

"I dispatched Governor CLARKBORN and General WILKINSON to receive possession. They proceeded with such regular troops as had been collected at Natchez Adams from the nearest posts and with some Militia of the Mississippi territory, to New Orleans. To be prepared for anything which might arise out of the transaction, a respectable body of Militia was ordered to be ready in the states of Ohio, Kentucky and Tennessee, and a part of those of Tennessee was moved on to Natchez."

The annexation of Louisiana was accomplished by the display of force, a force that would have been used had not the divided residents been cowed into submission. Not only was the force displayed within the border, but in preparation for a contest, which, at one time, seemed inevitable, the troops of other states were assembled by the President and prepared to invade the territory if resistance was made.

NEARING THE END.

Negotiations Which Are Expected to Formally Settle Chinese Troubles About to Begin.

NO WITHDRAWAL OF TROOPS AS YET

Will Remain Until the Installation of a Governor Is to Take Charge of Affairs in China.

Li Hung Chang Going to Peking
Forwards by Russia in Hope of Making Some Arrangement to That End.

Washington, Sept. 14.—The crisis that was near at hand Wednesday over the evacuation proposal of the Russian government has been averted for a time at least, and the diplomatic side of the matter has become again the object of attention. The order to General Chaffee to leave once more, which was issued in three quarters, did not issue Thursday. Instead, earnest efforts are making to arrange the preliminaries for the negotiations which are expected finally to settle the Chinese troubles. Li Hung Chang's message to the government, however, has not yet reached the Foreign Office, and the negotiations are still in progress.

Li Hung Chang's Message.
The notice that Russian troops will not evacuate Peking until some arrangements have been made for the installation of a government in its place of affairs is directly in line with the aim the state department has been pursuing in the exchanges with Li Hung Chang, and if this Russian decision is adhered to, it certainly will facilitate the work of the foreign forces in the opinion of the officials here. An inference from the Russian statement is that Li's coming to Peking will be forwarded by Russia in the hope of making the desired arrangement for the establishment of a Chinese government.

Li Hung Chang's Message.

As Li can not reach the capital from Shanghai, starting Friday, inside of a week, it may be that there will be no developments in the international situation within that period of time.

Our government has not been addressed even yet that all of the answers to the Russian note have been returned. It is said that all of the powers have been heard from on the subject, but the disposition is to regard their communications not as final, and to wait for the final statements which leave the main issue still open for discussion. This point, however, becomes of diminished importance in view of the announced purpose of the Russian government to modify the terms of its original proposition in the manner indicated.

RUSSIA'S ULTIMATUM.

The Emperor of China Shall Resign Government Himself and Have Prince Tuan Pardoned.

Berlin, Sept. 14.—The news bureau sent to China by the German Fleet society cables from Shanghai that it has just received the following telegram from the Russian government:

"The Russian government makes the following ultimatum: The emperor of China shall resign his government himself and shall have Prince Tuan, the Boxer leader, arrested and punished and shall exclude the emperor from any influence upon the government."

"Li Hung Chang has declared that all the demands are unacceptable, except the first, and has abandoned his proposed departure northward."

Gen. Botha Resigns.

London, Sept. 14.—Mr. Kruger telegraphed his wife to join him before sailing, but she has replied that her health will not permit it. It is reported that Commandant Gen. Louis Botha has resigned the chief command of the Transvaal forces to Commandant Viljoen.

Execution of a Steamer.

Omaha, Sept. 14.—By an explosion of one of the boilers of the excursion steamer Jacob Blichman, while on the return trip from Florida, four persons were scalded, two badly.

Concede Miners' Demands.

Houston, Pa., Sept. 14.—William Morgan, owner of an independent colliery at Morgan, who has about 70 men, agreed Thursday to concede the demands of the miners and the men will not go out on strike.

Dawson's Cash Contribution.

Denver, Col., Sept. 14.—Dawson's cash contribution to the Galveston sufferers was increased Thursday by subsciptions of \$3,500. This raises the total amounts sent from this city to \$9,500.

The Steamer Safe.

Havana, Sept. 14.—The Morgan steamship, Cayenne, came from New York yesterday morning, via Key West, for Havana, concerning whose safety there had been considerable anxiety, has arrived here.

THE BIG STRIKE.

The Miners in the Anthracite Coal Regions Making Preparations for the Coming Struggle.

Shannon, Pa., Sept. 14.—All the United Mine Workers of America were last night called to a meeting by the miners and Mt. Carmel Thursday evening, when the notice of President Mitchell, ordering a strike, was received. The men declared they would obey the proclamation to the letter. The executive board of the district agreed to have a strike. They failed to map out a plan of campaign against the operators, but owing to the absence of John Fisher, president of the district, the meeting was deferred until Friday evening. "Mother" Mary Jones, Mrs. Faley addressed 1,000 unorganized miners at Louise Gap Thursday night and urged them to join in the strike.

Strikes at Pottsville.

Pottsville, Pa., Sept. 14.—There is no change in the strike situation in this locality. Everything is quiet, though the coal companies were very little strike talk south of the Broad mountain. Efforts were being made Thursday night to organize the men at different points in the Mahoyn and Shenandoah valleys with local branches of United Mine Workers of America.

At Glendale a mass meeting was held at which "Mother" Mary Jones was the principal speaker. She advocated organization. At Mahoney City and Shenandoah all is quiet.

THE MINERS GRIEVANCES.

Officials of the United Mine Workers of America Make Public the Causes That Led to the Strike.

Indianapolis, Ind., Sept. 14.—The officials of the United Mine Workers of America Thursday issued a statement to the public giving the causes that led to the strike. Among other things it says:

The average wage of the anthracite miner for many years has been less than \$250 annually. During that period of time the cost of many of the necessities of life has been increased 20 per cent. An increase in the cost of living, with a corresponding increase of wages, is equivalent to a reduction in wages.

The laws of the state of Pennsylvania make 2,400 pounds a ton of anthracite coal; yet anthracite miners are compelled to pay for 2,700 to 3,000 pounds for a ton, and in addition to that, are docked exorbitant amounts, often reaching 12 per cent. of their daily earnings for any impurities which may be sent out with their coal. Where they are paid by the car, instead of by the breaker, the miners are compelled to break the round-wheeled heap on the car at the breakers, as was originally agreed to, they have gradually been compelled to increase the amount of coal in each car by building the same perpendicularly from 6 to 18 inches above the edge.

The Pickle-Me Stores.

The miners complained of the purchase of powder used in mining from their employers, paying \$2.75 per kg for a grade of powder that can be purchased elsewhere for \$1.50 per kg, and which wholesales for about \$1 per kg. They are compelled by means of committees to deal in "pickle-me" stores or leave their employment. They must pay to the company \$1 per month for a doctor, whether they need him or not, and have no voice in saying who the doctor shall be. The miners are compelled to pay for their medical expenses, and, in addition to that, are docked exorbitant amounts, often reaching 12 per cent. of their daily earnings for any impurities which may be sent out with their coal. Where they are paid by the car, instead of by the breaker, the miners are compelled to break the round-wheeled heap on the car at the breakers, as was originally agreed to, they have gradually been compelled to increase the amount of coal in each car by building the same perpendicularly from 6 to 18 inches above the edge.

Two Stormy Meetings.

Positive Evidence That a Split in the Window Glass Workers' Organization is Inevitable.

Muncie, Ind., Sept. 14.—Window glass workers held two meetings Thursday, and conditions Thursday evening were stormy. There are positive evidences now that a split in the great labor organization is inevitable.

H. G. Tussey, of the cutters' bureau, who represents the Knights of Labor from Pittsburgh, H. J. L. Pierce, arrived Thursday evening to take steps to form the new organization to be known as the Knights of Labor Assembly of Window Glass Workers. The anti-labor faction, which has been identified with the cutters and flatteners in the new organization working for the independent factories in an attempt to kill the trust, the meetings that are being held are stormy scenes and trouble is expected to break out in one of them if they continue.

Gov. Sayers' Thanks.

Austin, Tex., Sept. 14.—Advices to Gov. Sayers Thursday indicate that several thousand dollars to be used for the destitute are on route to Galveston. The arrival of those supplies will relieve the situation at Galveston very materially, as the governor is informed that quite a lot of clothing is included in the list.

Gov. Sayers gave the following statement Thursday night:

"The N.Y. authorities at Galveston are in full control, and every effort is being made to find and bury the dead, to remove the debris and to sanitize the city. Contributions of the most liberal character have been received, and I shall see that the money is used to the very best advantage for the sufferers and that there shall be no waste of the magnificent contributions coming from the free hands and generous hearts of a sympathetic people."

Gov. Sayers' Thanks.

Austin, Tex., Sept. 14.—The conference between the coal operators and miners in the Southeastern Kentucky and Illinois coal field ended Thursday night in the miners accepting the position of the operators, which was an average advance of seven and one-half per cent. over the wage scale of last year.

BECKHAM'S DEFENSE OF GOEBEL LAW

Louisville Commercial.

Governor Beckham announced at Leitchfield that he was ready to discuss the Goebel Law, and this is his defense of that infamous measure:

"The law was passed to stop Republican honesty. I believe that the Republicans stole the state from Bryan and gave it to McKinley. The Goebel Law was not a perfect law, but it was better than the law it replaced. You can't find a meaner Republican can find no fault with it. I don't know how we can get around it. I have been here ever since the election and the Republicans would not be satisfied with a law they could not manipulate to their own benefit. I would not take an office to which I was elected dishonestly."

Governor Beckham says he does not know how a law can be passed "that the majority of the people will not want with." We will tell him. Let him write another message to the Legislature, and say to his Democratic friends in that body: "Make the Election Commissions non-partisan by put-

ting two Democrats and two Republicans on them. If they disagree provide for an appeal to the Courts. Divide the election officers equally between the two parties, to be selected by the two political parties and party organizations. Throw every other safe-guard about the casting and counting of the vote that will insure an honest election and proclaim the wishes of the majority."

Governor Beckham's hypocritical statement did not take an office to which I was elected dishonestly" is convincing proof that he does not realize the enormity of his offense in accepting a stolen office. It is useless to argue with one whose moral sense is so blunted.
